# WELLBEING, RECONSIDERED

“I’m constantly looking at a screen and need a more comfortable solution”

**68%** of U.S. Millennials report symptoms of digital eye strain<sup>2</sup>

The average worker spends **7 HOURS** a day on the computer<sup>1</sup>

“I sit for most of my day and need an optimal ergonomic set-up”

**WORLD'S FIRST**

Monitor series to receive the  
TUV Low Blue Light Hardware Solution certification

# HP EYE EASE

## EASY ON THE EYES

For enhanced comfort and productivity

### BEFORE:

CURRENT SOFTWARE SOLUTION WITH YELLOW COLOR SHIFT

*Total eye comfort* with a built-in, always-on blue light filter that has **zero impact** on your color accuracy.

Previous HP displays provide a Low Blue Light pre-set that reduces the blue light output. The side effect is a yellow tint and reduced brightness.

### AFTER:

HPs HARDWARE SOLUTION WITH NO COLOR SHIFT

**World's First**

Eye Ease Monitors With  
Always-on True Color  
Low-blue-light

# MAKE THE MOST OF YOUR MONITOR

WITH HP DISPLAY CENTER

---

## QUICK AND EASY MANAGING

Manage your display settings directly from Windows 10

---

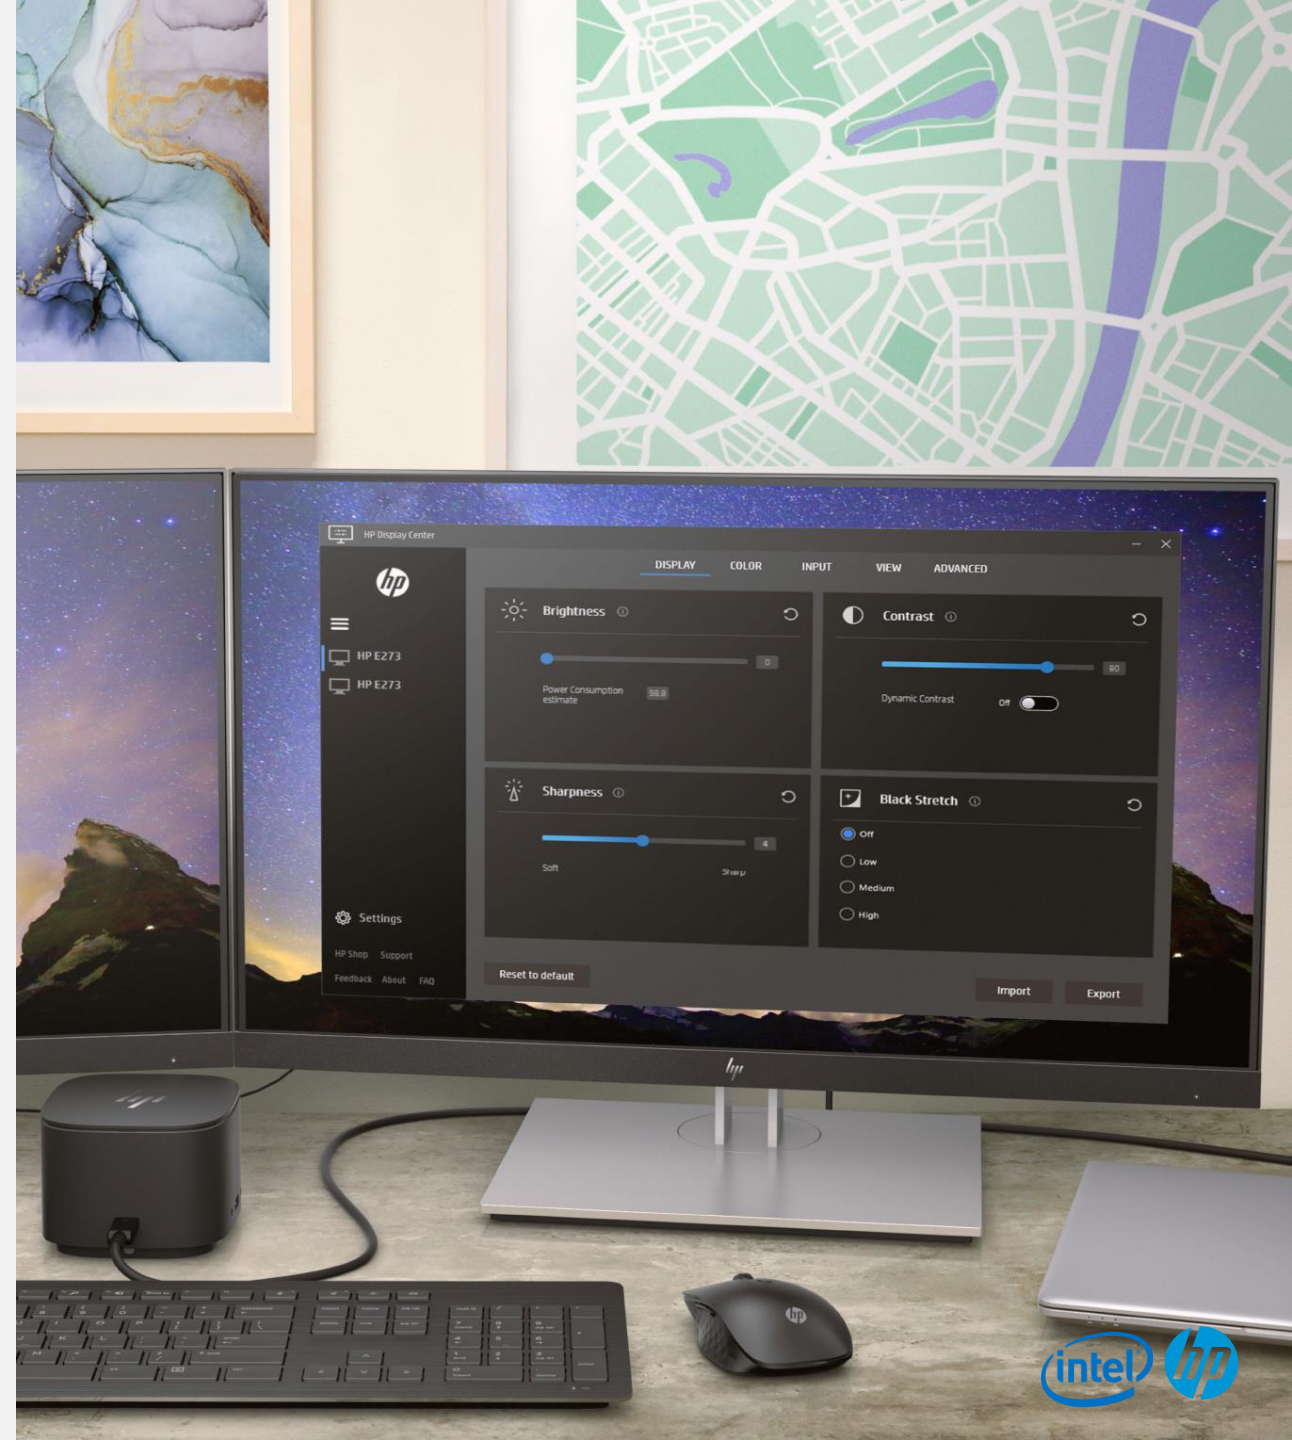

## ALL IN ONE PLACE

Adjust your color, export, video input settings and more!

---

## RELIABLE FOR EVERYONE

Useful to anyone with a display, no matter the use case.

# Display Center Video

HP E-14 Portable Monitor

# WORLD'S BRIGHTEST 14" PORTABLE MONITOR<sup>65</sup>

Stay productive anywhere

2x brighter  
36% lighter  
25% thinner &  
more  
adjustable  
than the previous  
generation

**38%**  
of office workers see  
an external monitor  
as **essential tool for  
working at home**<sup>59</sup>

75-DEGREE  
ADJUSTABLE STAND

TWO USB-C  
PORTS

# HOW HP COMMERCIAL DISPLAYS SUPPORT SUSTAINABILITY

1

HP E-Series displays use at least 85% post-consumer recycled plastic

The materials we use

2

Advancements in display technology have reduced energy consumption by up to 42% over just two and a half years

The energy we save

3

Reduced packaging By 19% and 34% more per container

The packaging we ship
